

WATTS HAPPENIN'

Newsletter Of The Wayne Amateur Radio Club

Monthly Meeting • Third Thursday
Wayne Co Communication Center • Corner of Burbank & Oldman Rds • Wooster, Ohio

W8WOO Repeaters
147.21 Mhz (PL 88.5) • 443.175 Mhz (No PL)

SERVING WAYNE COUNTY OHIO SINCE 1972

JUNE MEETING

We start the meeting at 7:30 pm and meet at the Communication Center at the corner of Burbank & Oldman in Wooster, Ohio.

We will finalize our participation in ARRL Field Day (see separate article below) and plans for the Mohican 100 mile run.

Bring your laptop if you can to participate in a session on Fldigi software.

We will be monitoring 147.21, PL 88.5 should you need directions or have other concerns.

See you there.

• DX GROUP •

The group meets on the fourth Tuesday of each month. Our next meeting is scheduled for June 27, 2017, and will be at Dave Balint's shack (N8IW) starting at 7:30 pm.

If you like to talk radio, work DX, or just need a night out this is your place. Among other things, we will be discussing recent contesting activity, upcoming contests, recent DX contacts and activities. In other words, "good ol' Ham Radio".

The WARC DX Group also promotes and participates in a weekly DX Net every Thursday beginning when you hear someone talking. The net will be on 147.345 (PL 110.9). Listen in, participate and work some DX. You'll find everyone very friendly and helpful.

MOHICAN 100 NEEDS HELP

Opportunity to work with Amateur Radio and FLDI in a outdoor setting.

Help needed for the Mohican 100 mile run at Loudenville, OH area. The event takes place on the trails through the Mohican State Park. and Mohican Memorial State Forest. The event has about 700 runners running either a marathon, 50 mile or 100 mile run. It is a looped event with 5 aid stations. The amateur radio role is a combination of run support and tracking runners. When Amateur Radio started helping, there were about 65 runners and tracking them through the aid stops was easy with transmitting the runner numbers and time by voice over the air. For this coming year, we have been asked to track the 50 and 100 mile runners - about 400 runners - around the course. This requires sending runner number and time from each aid station for each time through the station. A data base has been set up to do the tracking. The Challenge is getting all the information from the aid stations to the data station. Calling them in will not work - we tried that last year. We also experimented with digital data transmitted with FLDI. It proved to work well. Locally, there is not enough ham radio operators who are able to do this.

The 2017 run starts at 5:00 a.m. on Saturday June 17 and ends at 1:00 p.m. on Sunday. Fortunately, we are not expected to pass information for the first two aid stations. So, help is not needed until 8:00 a.m. on Saturday. We need people who are comfortable with FLDI and Excel spreadsheet who can be self supporting with a 2m/440 mobile radio, computer, etc. During the day, the aid stations do not have electricity, so adequate battery capacity is needed to operate. During the night, the aid stations have generators that can be used as a power source - bring and extension cord. Two people at each station is needed during the day and evening. During the night, only the 100 mile runners are on the course so that one person at each aid station is adequate. If you can help or have questions, please contact Mike Brugger, N8CEY, Wayne County ARES E.C. at 330-466-0114 or mfb.bmd@gmail.com

2017 ARRL FIELD DAY

This year, through the gracious hosting of N8IW and KG9Z, we will be participating in field day at their location. Here are the directions to Dave Balint's (N8IW) home:

- East on SR 30 to Jefferson Rd.
- Turn south (left) on Jefferson Rd. (157)
- Take Jefferson to Heyl Rd. (139)
- Turn west (right) on Heyl Rd.
- Take Heyl to Springville (1st road) and turn south (left)
- Follow Springville to address 2020 (on left)
- Park on right along the driveway.

We will discuss details at the club meeting.

Hope to see you all there.

Wayne Amateur Radio Club

Minutes of May 25, 2017 Meeting

President Tom Zilko opened the meeting at 19:35 hours with 5 members & 1 guest present.

Secretary's Report – John Lilburn (KF4UTY)

The minutes of the April meeting which has been sent with the notice of meeting were presented at this meeting. A motion was made by Stan & Russ and the minutes were approved

Treasurer's Report – Russ McQuate (K8RMC)

The club's treasurer presented a report detailing the current finances of the WARC indicating a net balance of \$2885.01. A motion was made by John and Stan and the report was approved.

Repeater Trustee's Report – Mike Brugger (N8CEY) Absent

Russ McQuate reported that the 440 repeater is off line for testing and the 2 meter is up and running.

Emergency Coordinator Stan reported that the Skywarn system is running and there is a test every Wednesday at 8:00 pm on frequency 52.680

DX Group

The May meeting was held on 5/23 at 7:30 at John Baston's house

Old Business

As previously reported, the races at Mohican State Park in Loudenville on June 17/18 will require our usual support manning the radio systems. Stan Kenney is coordinating the event and will be looking for our help.

The annual "field day" will be held on June 24/25. Location has yet to be decided. Tom Zilko will be exploring the possibility of combining forces with Dave Balant to work the radios at his house.

New Business

On June 6th, a group of members will meeting at the cemetery to inspect the Xmas tree lights to get an inventory of cables and usable lights and determine what has to be purchased.

There being no further business, the meeting was adjourned at 20:32 hours.

WEEKLY CLUB NET

Every Wednesday evening at 9:00 PM local time (0100Z), the Wayne Amateur Radio Club sponsors a net on 2 meters and 70 cm using both of the club W8WOO repeaters. The frequencies are 147.21 Mhz and 443.175 Mhz (no PL). For both net and emergency purposes, the repeaters are crosslinked. Tom Zilko (N8JBG) handles the check-ins and net activity. It is a general information net and everyone is welcome to participate. Give it a try.

HAMFESTS

For details on other upcoming events and hamfests, please visit the WARC web site at w8woo.com.

ANYTHING TO ADD?

If you have any announcements that you want to put in a newsletter or you feel inclined to write an article, let me know. You can email me at K8RMC@arrl.net and I'll do my best to get it in writing.
